SERIES

LIBRARY OF THE UNIVERSITY  
OF ALBERTA

1: 25,000 SERIES

G.S.G.S. 4414,  
GERMANY, 1: 25,000

Not all sheets of G.S.G.S. 4414 are numbered on this index, but those sheet numbers that are not shown can easily be calculated. The numbering of each sheet is made up from the two figures relating to each west-east row of sheets (shown in heavy figures along the eastern edges of the index), followed by those relating to each north-south row (and shown by heavy figures along the north edge of the index). Thus, as shown on the index, HAMBURG is covered by sheets 2425 and 2426; the two sheets immediately north of these are numbered 2325 and 2326.

Sheets being published in coloured form.
